 2. If the golf course is deemed unplayable, rain dates will be made available based on open dates in the golf schedule.
 3. Golf outing is responsible to provide an accurate number of players one week in advance. A minimum of 72 players is required for an 18 hole shotgun. Less than 72 players will result in a 9 hole shotgun format.
 4. Outing count for final bill cannot decrease by more than 10% within 1 week of event date. For example a 100 player event that shows up with only 80 players is responsible to pay for 90 players the day of the event. Please give us accurate counts prior to your event.
